

# Fact Sheet

## Traffic Calming Parkway Drive to Denholm CIP 001

### Project Description

The Project consists of the installation of new Class IV bike lanes from Denholm Drive to the South City Limits and Denholm Drive from Parkway Drive to Durfee Avenue. The City intends to remove the existing speed humps, implement Class IV Bike Lanes, raised landscape medians, new street trees, roadway safety improvements, and other neighborhood traffic calming measures on Parkway Drive and Denholm Drive.

### Status

Design

### Schedule
